

In 1997 my family and I moved from Page, Arizona to Orland, California to start farming a 30-acre Pistachio orchard.

Since purchasing the orchard 1997, I have been a hands on owner and operator of the family's orchard. Which includes all aspects of farming and harvesting Pistachios.

In 2018, I was honored to be appointed as an alternate for Administrative Committee for Pistachio's for District 3. These past two years I have continued to learn about the pistachio industry through the Committee meetings.

My love of farming pistachios has energized my passion to learn more about the Pistachio Industry. With the continuous increases in regulatory requirements within the agricultural industry it has become necessary to become an active and participating member. It is my goal to help keep (Pistachio's) agriculture profitable for future generations.

For twelve years I served as the Executive Director of the Glenn County Farm Bureau and for the past 10 years I have served as a 42nd District Agriculture Association Board Member. Along with growing pistachio's I am a Insurance Agent specializing in Farm and Crop Insurance.
