INTRODUCTORY STATEMENT
GEORGE GOSHGARIAN

I am very excited at the opportunity to run for the District 2 position for the Administrative Committee for Pistachios. I am a third generation farmer operating south of Fresno. My family has been growing pistachios for the last 15 years.

If elected my focus will be on maximizing grower returns, and maintaining the profitability of the Pistachio Industry. This is accomplished through both research and marketing. By engaging in relevant nutritional and production studies, we can leverage our findings to better market our crops.

Thank you for your consideration.

George Goshgarian
